ATTACHMENT 3: COMPREHENSIVE REPORT

The Zoology Department, St Edmunds College had conducted an "Inter-college quiz competition" which was accompanied by a "Popular talk on Motivation in Academic

research on Zoology" on the **13th, October 2022**. The program was held on account of the Department 60th years celebration. The Goal of the quiz competition was to encourage students to hold on to the basics of Zoology as well as to keep themselves updated with the current discoveries.

The event was held in the College Auditorium from 1.00pm onwards. The main guest being Prof R.N.K Hooroo who was also the speaker of the day. The event was attended by the Secretary Dr. Br. S. Coelho and the Vice Principal of the college, Prof. M. Chakravarty and the Head of the Zoology Department, the Department teachers of the various colleges, the Zoology students of the college and participants from the other colleges who came to cheer for their respective teams.

The Event followed the following line up:

- Speech by the Chairperson: Dr. Wankitlang shangpliang
- Welcome address by the HOD: Dr. R.K.L. Tron.
 - Speech: Dr. Br. S. Coelho
- Introduction of the Quiz Master by the Chairperson
 - Inviting the teams to take their seats
- Handover of the program to the Quiz Master : Ms Lucetta Syiem
- Quiz Competition and announcement of the results
- Introduction of the speaker Prof. R.N.K. Hooroo
 - Popular talk by Prof. R.N.K. Hooroo
 - Valedictory function
 - Vote of Thanks by Dr Duwaki Rangad
 - Refreshments

1. QUIZ COMPETITION

The quiz was successful enough with the participation of 7 teams from 7 different colleges viz. St. Anthony's College, St. Mary's College, Lady Keane College, Sankardev College, Shillong College, Union Christian College and our very own St. Edmund's College. Each team consisted of two members.

The quiz consisted of the following 5 Rounds :

- **First Round** : General round which consisted of Basics Zoology MCQs.
- **Second Round**: Passing round where direct questions were given.
- **Third Round**: Hand raising round where Definitions and Abbreviations were given.
- **Fourth Round**: The Visual Round.
- **Fifth Round**: Rapid fire round.

The quiz went smoothly under the supervision of the Quiz master, Ms Lucetta Syiem, and with the help of the different members assigned with different task such as a Time Keepers, Score keepers, and one In-charge of the Scoreboard.

The quiz concluded with the 3 teams; St. Edmunds College, St. Anthony's College and Union Christian College, securing the 1st, 2nd and 3rd position respectively.

1. POPULAR TALK

The popular talk by Prof. R.N.K. Hooroo started once the results of the quiz was declared. The talk was a very informative and educational event. The talk highlighted all the steps needed to be taken in the field of research, like identifying a problem and knowing what one can do about it which was the very first step, review of literatures, framing the title and

objectives of research proposal, methodologies, analyzing the data and communicating via reputed journals etc. Another thing that was stressed on was that one need to do lots of studying and reading of other fellow researchers work which was not known by many of us. Information about the many fields in Zoology such as Apiculture, Aquaculture, Bioclimatology, etc, was also given.

The speaker also mentioned various career path one can follow if they are not into research studies. Some of the career were those in wildlife care in sanctuaries or zoos, and also in the field of veterinary. Each and every one present there got to learn something new and loved the talk. It enlightened and also helped to clear many doubts which those who wants to pursue research in the future had. It also gave an idea of how hard it would be, but the example given on the talk about overnight camping in the field for work sounded fun and interesting The students also learnt about the steps they might need to take right after getting their degree and also learnt about scholarships one could avail.

All in all it was put out that going into the field of research will not be an easy task and one must be very passionate in their work and one must be sincere but in the end it will all be worth it because one will be contributing something new to the field of science and in turn contributing to society.

3. PRICE DISTRIBUTION AND FELICITATION

Distribution of momentos for the winners and certificates of participation to all participants was done towards the end of the event. This was followed by the Felicitation of our special guest; The Ouiz Master, Ms Lucetta Syiem and The Speaker, Prof R.N.K. Hooroo by the Head of the Department, Dr R.K.L.Trøn.

From students: The event received a number of positive feedbacks where the students expressed how they found the event to be “interesting”, “informative”, “intellectual”, “Knowledgeable”, “inspiring”, “motivating” and a “fun and interactive” one. They also expressed how thankful they were to Prof. R.N.K. Hooroo for sharing her research experience and knowledge with everyone.

As students who are learning in every steps we take, we will make use of what we learnt from the event starting from the team work under the guidance of our respected teachers that made the program a success, to every knowledge we acquired and we look forward to participate in any future event conduct by the Department.
