St. Edmund's College

## Geeks Camp 2023 Report

The Geeks Camp 2023 – A Day Dedicated to Technology, organised by the House of Geeks and Computer Club in collaboration with the Department of Computer Application (BCA) and IQAC, St. Edmund's College on 23rd September 2023. The Geeks Camp is the first event in a college in Shillong and probably the first in Meghalaya.

The motto of the inaugural edition of the Geeks Camp was “Beyond the Imaginary”. We had 7 activities at Geeks Camp 2023: Poster Making and Display, Micro Session on Hot Tech topics, Debate Competition, Tech Quiz, Mobile Gaming Competition, Typing Master Competition, Riddle Stall, Food Stall, and Virtual Reality experience. The different activities were organized by students under the guidance of the respective Teacher Coordinator.

The Geeks Camp was coordinated by Jethro Jarvis Roy Jyrwa and Subhankar Deb Roy from BCA 5th Semester, along with Ms. Rajni Khyriem as the Teacher Coordinator.

The day started with the Inaugural Ceremony in the College Auditorium at 9 AM in the presence of the Principal I/c, Br. (Dr.) Simon Coelho, Vice Principal (Academics), Dr. K. P. Pallavi Malhan, the Dean, Dr. B. W. Nongbri along with the HoD and Faculty members of the Department of Computer Application and the student members of House of Geeks and the BCA Department as well.

A noteworthy moment of the Inauguration was the usage of a **virtual lamp** (The first of its kind in the College) which was lighted by the dignitaries present through the projector which spread a wave of joy and warmth to those who were present at the auditorium.

The various activities of the day began simultaneously from 10 AM onwards till 2:30 PM. The Valedictory Ceremony was conducted at 3 PM where the winners and participants of various events were felicitated.

A detailed report of the different events is given below, starting with the General Report of the Geeks Camp:

<b>Brief Report</b>	<p>The Virtual Reality (VR) Experience was one of the main attractions of the Geeks Camp 2023. It was facilitated by Turbit Shillong comprising Ms. Ayesha Langstieh and Mr. Chancharick Choudhury. Turbit is a startup from Shillong that seeks to promote creativity and engagement in this overly digitized world. They provide access to a vast array of activities from painting and sculpting, all the way up to woodworking, metal welding, 3D printing, laser cutting and many more. They are also a recipient of a fellowship grant from Meta and are working towards bringing technology to the grassroots.</p> <p>The participants had a choice of whether to experience a game, movie, or a roller coaster ride. The VR Experience garnered a participation of around 100 participants including students and faculty members.</p>

## Conclusion:

In conclusion, the Geeks Camp 2023 proved to be a huge success garnering attention from all stakeholders of the College. The organising team is extremely grateful to the Management for their support and a special thanks goes to the Department of Computer Application, Department of Computer Science and IQAC for assisting the House of Geeks and Computer Club in organising this event.

The event was highlighted on the front page of *The Meghalayan* dated 24th September 2023 as well as, on its Instagram handle and website.

**St. Edmund's College celebrates Geek Camp**

St. Edmund's College, Shillong, on Saturday, organised Geeks Camp: A Day Dedicated to Technology, within its premises. As the cool September air embraced one and all, the enthusiasm of students and teachers was infectious.

The event was organised by two clubs, House of Geeks and Computer Club, in collaboration with the Department of BCA and IQAC.

With the theme of the camp being, "Bridging the Digital and Physical World", different activities embraced the idea through poster making competition, debates, typing master and micro sessions, among others.

Speaking with *The Meghalayan*, Jethro J.R. Jyrwa, President of the House and fifth semester BCA student, said, "We decided to have a tech fest as part of the Centenary celebrations. We got ideas to have sessions on ChatGPT, debate and quiz competitions, to name a few. Our teacher-in-charge, Prof. Rajni Khymriem encouraged us to go ahead with it."

"House of Geeks is for geeks who come from across streams in our college. We celebrate geek-dom where we are interested in learning about technology," he added.

Inside the auditorium, students were scattered in clusters. Some were busy solving riddles, while others were excited about virtual reality.

Another interesting aspect of the event was the 15-minute micro sessions. Notable among these were, "ChatGPT Prompts" by Aayan K. Gogoi; "Flutter" by former student, Kyrshanlang Dikhar; and "Interactive Animation for Apps/Websites" by Ynaiborlang Nongkymrih.

In speaking about interactive animation for apps/websites, Nongkymrih spoke about a game in indigenous language... similar to word power but in Khasi and Garo. Not only is it intended to keep the present generation rooted in their culture, but words of affirmation in Khasi, Khlieh Shalok (You're so clever!) adds a humorous touch.

Students were drawn to the "Typing Master Competition" near T Lab, Botanical Garden. Young faces challenged each other in a spirit of camaraderie.
