REGISTRATION LINK: <https://forms.gle/oESmjZbm6RthM7dUA>

e-certificates will be provided.

Webinar Topic: *“Staying Fit in Times of Corona-Era: An Expert’s Insights”*, in collaboration with
IQAC, St. Edmund’s College.

Date: 29th June, 2021.

Significance of Event: The Webinar was conceptualized in the light of the acute situation created by the COVID pandemic. The department believed that efforts to mitigate the lack of awareness and surrounding myths about the virus were the need of the hour.

Goals of the webinar:

1. To create an awareness about the COVID-19 pandemic and its effects, along two aspects of well-being that the virus has impacted upon in the lives of people - physical and mental.
2. To contribute towards helping the masses live a healthy and balanced life even in the midst of the pandemic, through healthy practices and measures to prevent the onset and contain the spread of the virus, the efficacy of the vaccine, along with effective stress management techniques to better their day to day lives.

Resource Person:

1. Dr. Abhinav Arun Sonkar, MS FACS FUICC FCRS(England) FRCS(Ireland) FRCS (Glasgow), Professor and Head, Department of Surgery, King George's Medical University, Lucknow, Uttar Pradesh.
2. Dr. Jasmine Mary Lyngdoh, Clinical Psychologist and Director, RoUTES (Reaching Out and Empowering to Understanding Society), Shillong, Meghalaya.

Audience in the Webinar:

- The event registered participants (students and faculty members) from various departments of the College, as well as other institutions around the city.
- A total of 188 participants attended the event.

Proceedings of the event:

1. First session at 3 pm, 29th June, 2021. Speaker: Dr. Abhinav Arun Sonkar.
 - a) The session commenced with an introduction by the host, Ms. Reema Joshi, following which introductory remarks on the programme were shared by (Dr.) Br. Simon S. Coelho, IQAC Coordinator.
 - b) The Invocation Prayer was made by Dr. Balajuda War Nongbri, Dean, St. Edmund's College, and a special address was delivered by Ms. Sarmistha Deb, Head, Department of Computer Application, St. Edmund's College.
2. Second session at 3:50 pm, 29th June, 2021. Speaker: Dr. Jasmine Mary Lyngdoh.
 - a) The session was hosted by Mr. Melvin Majaw, with an introduction of the speaker and the topic of the session.

- b) A Q&A session was held after completion of both the sessions, which saw a very active participation from the audience.
3. Post the Q&A session, concluding remarks on the programme were made by (Dr.) Mrs. Balajuda War Nongbri, Dean, St. Edmund's College.
- The event was drawn to a close with a vote of thanks by the joint coordinator, Ms. R. Khyriem.
 - Group photographs of participants, speaker and organizing committee were recorded by the organizing committee.

PATHOPHYSIOLOGY

SARS-CoV-2 Pathophysiology:

- Virus enters nasal epithelial cells
- Virus enters epithelial cells
- Viral RNA accumulates, viral proteins
- Virus binds with spike and ACE2
- Virus release
- Virus budding by antigen-presenting cell (APC)

Immune response:

- Infected cells destroyed
- Antibodies produced
- Memory T cells and T cells release
- Memory B cells
- Antibodies

What your score indicates...

- 0-149 : LOW SUSCEPTIBILITY to stress-related illness.
 - ❖ *Excellent, you are balanced.*
- 150-299: MEDIUM SUSCEPTIBILITY to stress-related illness.
 - ❖ *Learn and practice relaxation and stress management skills and a healthy well life style.*
- 300 and over: HIGH SUSCEPTIBILITY to stress-related illness.
 - ❖ *Daily practice of relaxation skills is very important for your wellness. Take care of it now before a serious illness erupts or an affliction becomes worse.*

Immobilizing/ Freezing: Exhaustion & Fatigue Stage

- Tend to "freeze" or become "stuck" under stress.
- Rouse your nervous system to a fight or flight response.
- Choose physical activity that engages both arms and legs, such as running, dancing, or tai chi, and perform it mindfully, focusing on the sensations in your limbs as you move.

Im a little STRESSED right now... (just turn around and leave quietly and no one gets hurt.)
