- Valarie Janai Marboh
- Ibanrilin Basiawmoit
- Janakpreet Singh
- Doreen Shylla
- Wanhunlang
- Prabhakar Boro
- Betsy Dora Lyngdoh Mawlong

○ Teaching methods adopted to improve student learning:

- Lectures, flipcharts, students presentation, group discussion, role play, street play, PowerPoint, guest lectures, documentary movies on social issues
- Apart from the classroom teaching the students are given opportunities for field visits to different NGO's and GO's exposing them to different social issues.

➤ **SWOC analysis of the department and future plans:**

STRENGTH:

- The teacher are from different specialization(medical and psychiatric, community development, family and child welfare, dalits and tribal studies, human resource management, generic)
- They are also from different institutions and university (TISS, Mumbai University, Pune University, SNTD Women's University, Madras University, Assam University, Dibrugarh University, Mangalore University and Martin Luther Christian University)
- Teachers and students are from diverse community and from different states (North East India , Gujarat, Nepal, Bhutan)
- Networking with various institutions, departments, agencies and communities for field work.
- Department magazine has been release for three time(2009, 2010 and 2013)
- Some of our teachers are members of various committee outside the college campus and also in the campus

Weakness:

- Not enough exposure for teacher training/ workshop/orientation in the field of social work
- We don't have journal on our subject matter

Opportunities:

- Initiative of projects

Challenges:

- Working with different organization who are not from social work profession
- And limited organization for field work placement
