

EYE CHECK UP CAMP

Location: Myllem Village, East Khasi Hills District
Date: 4th of October, 2022, Time: 10.00 am onwards

The Department of Biochemistry, St. Edmund's College as part of the Silver Jubilee celebration organised a one-day joint *Eye Check Up Camp* with the National Service Scheme, St. Edmund's College unit in collaboration with Nethralaya Eye Mission, Jingskieng, Shillong and the Medical Sales Representative of Meghalaya Union, Shillong.

There were a total of one hundred and four (104) eye patients enrolled during the camp and the event saw the active participation of fifteen student volunteers from the department and fifteen volunteers from the NSS unit. The event was marked by diagnosing of eye related problems by the technical experts from Nethralaya Eye Mission and the student volunteers were directly involved in receiving and registration of patients. Student volunteers also actively interacted with the patients to interpret and disseminate information on related health issues since many could not understand or communicate in English, thus bridging the gap between the experts and the local population, ensuring smooth functioning of the camp. This camp is seen as a great learning experience for the students of the department as it provided them with the atmosphere of motivation to serve others, taught them self discipline at social level as well invoking a sense of humility that will go a long way as they venture out into the near future.

Annexure I, II & III are attached herewith containing the list of student participants, patients enrolment and photographs taken.
