

## REPORT ON workshop/hands on training, seminar/conference etc

1. Title: **Hands-On Training on Basic Molecular Biology Techniques**
2. Objective: To enable students to perform basic technique that is required in the field of molecular biology.
3. Dates 17<sup>th</sup> Oct 2023 to 19<sup>th</sup> Oct 2023
4. Duration 3 days
5. Collaborations Non
6. No of participants students 15
7. No of Participants faculty 5
8. No of participants others Non
9. Outcome: In order to initiate a peer learning, the 5<sup>th</sup> semester of the department students were first trained and they were asked to demonstrate the techniques to their peer participants. We found that the students were more interactive and were able to raise queries more freely among the peers which not only help the trainees but also our student trainers.
10. Feedback: As per the students feedback submitted through google form, 100 % of the students were satisfied with the training given to them, they found the training to be well organised, and relevant to the topic of the training and Biochemistry subject. 99 % of the students rated the overall training to be excellent.
