

Report on Programme on Career Guidance and Counselling held by the Department of Political Science in collaboration with Admission India held on the 25th May, 2022 in the AV Room

The Political Science Department of St. Edmund's College, on the 25th May, 2022 organised a programme in which a team of experts from Admission India had an interaction with the 2nd, 4th and 6th Semester Political Science Honours Students. During the duration of the programme, the team of experts consisting of Mr. Jasbir Singh as the coordinator first gave an introduction to the various avenues opened for further studies for students with Honours in Political Science.

The unique contribution that Admission India was able to offer to the students was to make them aware of the various courses available in different universities in India and abroad, the scholarships available to them and how Admission India can help out students to get admissions to the universities of their choice. Further Admissions India will provide its services for free without the students having to make even a minimal payment.

Towards the end of the programme there were group interaction where members of the team answered queries and clarified doubts that students had on an informal basis.

Overall, the programme had a very positive impact on the students where it opened a window to them and also drove home the fact that studying outside of the N.E Region and even abroad is possible for students belonging to the middle class families as well.
