

FOOD FEST MOMENTS 2018

Report On Food Fest

The Food Fest Cum Art Exhibition is an annual college event organized by the Commerce Department with an aim to promulgate the creative talents of its students. This year, it was held on March 17, 2018. It was inaugurated by our respected Guest of Honour, Dr. M.C. Paul (HoD of Botany Dept.), accompanied by Prof. I.M. Syiem (HoD of Sociology Dept.) and the Principal, Dr. Sylvanus Lamare.

For the first time in the history of the Department of Commerce, the event was organized in the college field and proved to be a wonderful sight as we saw the students displaying their varied ranges of food items as well as their art. It served as a fantastic platform for the students of the Commerce Department to present an array of savory dishes and as students of Commerce we got the chance to put into practice what we learned in our classrooms such as the theories of cost and profit, etc. A few of the options for the stalls in our Food Fest included food stalls ranging from snacks, slow food, fast food, desserts and other items.

The responsibility of organizing the entire event was assigned to a committee of students of 6th semester and 4th semester, guided by the teachers of the Commerce Department. The members of the committee were given various other tasks such as managing the raffle draws along with deciding profit margins and selecting volunteers to ensure the event ran smoothly.

Apart from the wealth of mouth watering delicacies, the students also got the opportunity to set up their games stalls as well as a song dedication booth that attracted huge crowds.

At the end of the day what we all achieved was grand success, which was the aim of this event. The very purpose of organizing this annual event is to encourage the students to put into practice the knowledge acquired over the years in the field of Commerce and we hope the same tradition will continue in the years to come.
