

Orientation Programme on Child Friendly Shillong

Date: 2nd June 2022

No. of participants: 48

The Department of Social Work-PG, St. Edmund's College, Shillong organized an Orientation Programme on Child Friendly Shillong on 2nd June 2022 in collaboration with Bosco Integrated Development Society. The objective of this program is to empower children and adolescents by educating them about life skills and personal safety in schools, child care facilities, and communities, so they are less likely to be abused or exploited in the future. Furthermore, the resource person explained that they focus on prevention strategies that address abuse and exploitation and engage boys in gender-transformative programs to help them become gender-equitable. Also, they have been working extensively on the promotion of a Personal Safety Education Program in Meghalaya. As a result of this school-based curriculum, every child is empowered to prevent sexual abuse and exploitation that they may encounter silently, and they are also building community ownership processes within their communities. The goal is to leverage the strengths of the communities in order to address child safety and child protection issues by empowering them to develop their own plans.

The program was well organized and conducted by knowledgeable resource persons. This awareness program left the students feeling good and benefiting greatly, and closing remarks concluded the program.

List of Participants

BOSCO INTEGRATED DEVELOPMENT SOCIETY

Child Friendly Shillong

Date: 2nd June, 2022

Place: St. Edmund's College
