

DUMB CHARADES

11th April, 2022

The Dumb Charades Competition was organised on the 6th April, 2022 from 11:00 AM to 1:15 PM in the AV Room (near the Auditorium). It was the third day of the Edblazon 2022 and since the theme for the day was 'Hollywood vs Bollywood' everybody dressed-up a little extra, which set the perfect mood for the competition.

A total of seventeen teams showed up for the event. Along with the participants and organisers, the teachers incharge, Prof. R. Khyriem and Prof. R. Basaiawmoit, were also present. The first round kicked off at 11:15 AM after which seven teams were eliminated and the top ten highest scoring teams proceeded into the second round. Just like the first round, the second round was an elimination round where five teams were eliminated. The third and final round was a pretty interesting round. We got our winning team with 50 points but a tie-breaker round was held for the second position. After a nail-biting tie-breaker round we finally got our top three teams:-

1st– Team 6 consisting of Dyutimoyee Kalita and Nikita Barman, both from 6th Semester Sociology department.

2nd– Team 17 consisting of Ferando Paulus Marngar, Freena Boro, Dipanjali Singha and Monjyoti Hajong, all from 6th Semester English department.

3rd– Team 8 consisting of Gloria B. Khongwir, Eiweimanki Sumer, Aidahun Pala and Elizabeth R. Sanate, all from 4th Semester Zoology department.

The event ended with a short vote of thanks by our MC for the day, Dipa Barman, and a photo session with the winners and the teachers incharge. It was a fun and great learning experience for all of us. The collective efforts put in as a team by each and every member made the event a complete success.
