

Filmmaking Competition & Film Screening

We issued the flyers about a week before the college week. The theme was, "LANGUAGE OF JOY". As per the norms, a participant can send only one film. We got a total of 2 entries, and out of them we picked the best. The best film was even screened on the final day stage also. Besides this we organized film screening on 5th of April, which was the first time in the history of EDBLAZON. We screened three different short films from different parts of the world. Many students and teachers came to watch films and shared their opinion.
