

Treasure Hunt Report

Treasure Hunt is an activity which all students look forward to every year because of the immense fun, entertainment and challenge it provides. As part of our annual college week, Edblazon 2023, students got the chance to showcase their team spirit, problem solving ability as well as athletic skills by taking part in the Treasure Hunt activity.

The activity took place on 17th of February, 2023, it was an inter-college and time bound activity which took place in room 6,7 and 8. The activity was divided into 5 rounds and it required the participating teams to solve clues and riddles and collect tokens in order to pass on to the next round. Due to the exhilarating experience which this activity provides, we had more than 100 teams participating this year. Thus, the 1st and 2nd rounds were kept as mass elimination rounds for the smooth running of the program.

Various locations of the college campus were used to place the tokens with the help of the teachers' in-charge, the animators and the volunteers. Every clue was given in the form of a riddle which hinted to the location of the tokens.

Immense teamwork and co-ordination was showcased among the group members. After the culmination of the fierce matches, the winners celebrated their victory. A detailed list of the top 3 winning teams is given below
