

REPORT OF THE LIBRARY COMMITTEE

WEBINAR on

“AWARENESS ON E RESOURCES FOR ACADEMIC LIBRARIES”

DATE: 17th June 2021

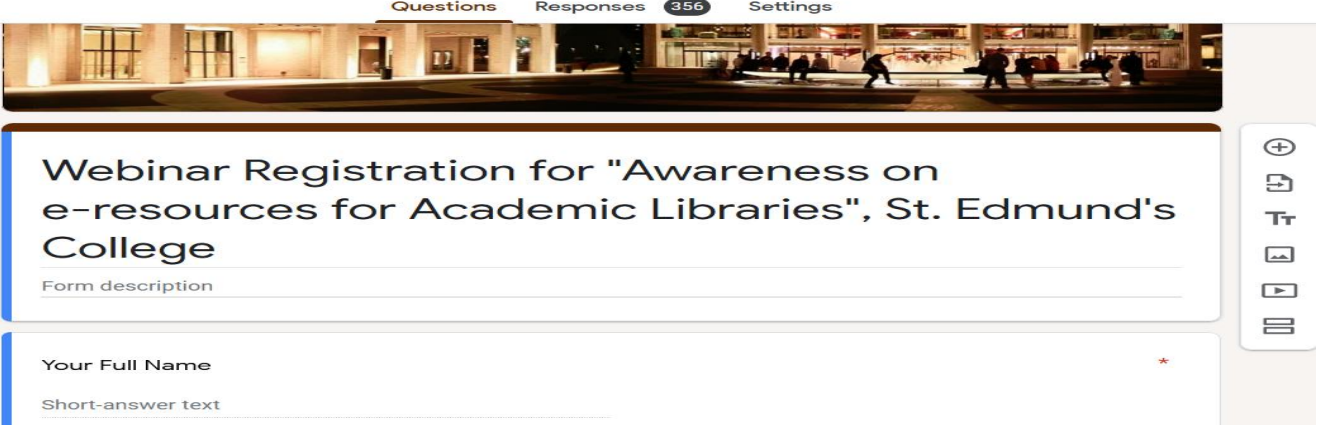

RESOURCE PERSON: DR. FIRSTBORN SUMER,
DEPUTY LIBRARIAN, NEHU

BACKGROUND FOR THE WEBINAR:

The lockdown had affected the accessibility of text books and reading materials from the College Library for our students. Teachers across departments were converting images from texts to PDF files and sharing reading materials with their students. Teachers also shared trusted e-resources.

While there has always been a wealth of information available in the internet, it was equally important for students to understand the reliability of the same. Given the circumstances, the Library Committee believed that students needed a hands-on approach and go beyond the mere passing of information. Once acquainted, a larger number of students would make regular use of e-resources from trusted sources and supplement the materials shared by teachers. The Webinar would be of immense benefit to students.

➤ **KEY TAKEAWAYS FROM THE WEBINAR**

That we can get the needed information online from right e-books

When he explained about the national digital library of India i tried searching it... and sign up...so I searched 3 topics that i need it...it's there.

All these sites are unknown to me.

Although it's a lot to digest all these information but It's very useful for us.

Got much more valuable information and knowledge on different authentic websites

I got to know about many repositories.

Brilliant idea about e-resources

It's was a very helpful webinar especially at this time and I've got new information

One key take away would be getting to learn more on e-resource and how to access

To make good use of the available online libraries this could be of immense use for students as well as teachers

The webinar was informative

Free e-books were available and accessible this easily

It helped me and gave me a new ideas and information how to make use of technology through the internet
