➤ EBSB CAMP

The EBSB Camp in the National Cadet Corps (NCC) is a unique and impactful program that combines adventure, discipline, and patriotism. EBSB stands for Ek Bharat Shreshtha Bharat, which translates to “One India, Great India.” It is an initiative by the Government of India aimed at fostering unity, diversity, and cultural exchange among the states and Union Territories.

The EBSB Camp in the NCC is an annual event that brings together cadets from different regions of India. It serves as a platform for them to interact, learn, and appreciate the rich cultural heritage of their diverse nation. The camp is typically conducted at a designated location, chosen to showcase the traditions, customs, and history of a specific state or Union Territory.

One of the primary objectives of the EBSB Camp is to promote a sense of national integration among the youth of India. Cadets from various parts of the country, with distinct languages, traditions, and lifestyles, come together and engage in activities that facilitate cultural exchange. They learn about each other’s customs, cuisines, attire, and traditions, breaking barriers and fostering a spirit of unity in diversity.

During the camp, cadets participate in a wide range of activities that include adventure sports, field exercises, cultural performances, and community service. These activities are designed to instill discipline, teamwork, and leadership skills in the participants. The cadets undergo rigorous training, including drills, physical fitness exercises, and specialized workshops to enhance their overall personality development.

Adventure sports form an integral part of the EBSB Camp, encouraging cadets to challenge themselves and overcome obstacles. Activities such

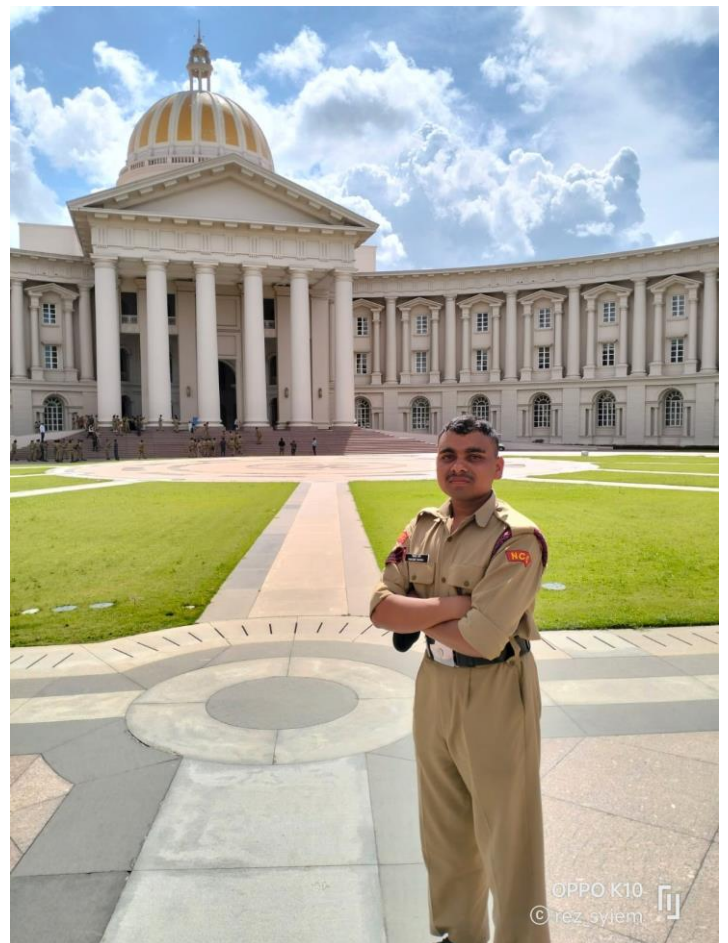

as rock climbing, trekking, river rafting, rifle shooting, and para-sailing are organized to test their physical and mental strength. These experiences not only build resilience and self-confidence but also foster a spirit of camaraderie and mutual support among the participants.

Cultural performances and exhibitions are a highlight of the camp. Cadets showcase their regional dances, music, art forms, and traditional attire, providing a glimpse into the vibrant cultural tapestry of India. They also have the opportunity to learn and appreciate the cultural heritage of the hosting state or Union Territory through workshops, presentations, and interactive sessions.

Community service projects are an essential component of the EBSB Camp. Cadets actively engage in activities that contribute to the local community, such as cleanliness drives, awareness campaigns, and volunteering at local schools or hospitals. These initiatives instill a sense of social responsibility and empathy in the young cadets, emphasizing the importance of giving back to society.

Some of the cadets who participated in these camps from our college last year are:

1. JUO Ritilin Nongrum, BCOM department, 6th semester [The camp was held at Rajiv Gandhi University (RGU), Doimukh, Arunachal Pradesh from **28th December 2022 to 6th January 2023**]

➤ NATIONAL INTEGRATION CAMP

NATIONAL INTEGRATION CAMPS gives NCC cadets an exposure to different traditions and culture of people living in INDIA. This imparts a quality of understanding people in a cadet. As a result, cadets can understand that 'Unity in Diversity' is surely possible and can take steps towards making this dream into a living reality. This teaches a cadet how to easily adapt with different types of people having different traditions, languages and religions. While other camps focuses on DRILL, WEAPON etc., this camp focuses on cultural activities. The main aim of this camp is to teach cadets that how to live in a community. All 17 directorates participate in this camp and different types of cultural activities are conducted such as quizzes, skid, cultural dances etc. This camp will help overcome the religious and cultural gaps among different states of India. These camps help building 'Ek Bharat, Shreshta Bharat' where there will be unity and peace between various states having different cultures, where everyone becomes the part of solution, not the problem. It doesn't matter how big the problem is, together we can make everything possible. Unity and Peace are the root causes of development of any country. If somehow we could achieve this, our nation will begin growing in every useful aspect such as education, science and technology, defense services, creating great leaders, employment, economic growth etc. Keeping these things in mind, these camps have countless number of benefits.
