

Report on the Internship Program for Aspiring Web Developers

Acknowledgment

The successful completion of the Internship Program for Aspiring Web Developers, organized in collaboration with Nishant Infosys, would not have been possible without the guidance and support of our Br. Solomon Coelho, Principal for his visionary leadership and constant encouragement. His emphasis on practical education and skill development inspired us to initiate this program. Sir Monotosh Chakravarty, Vice Principal (Administration) for his administrative guidance and for ensuring the seamless organization of the program. His commitment to fostering industry collaborations has been instrumental in making this initiative a success. Dr. KP Malhan, Vice Principal (Academics) for her academic oversight and for promoting the integration of industry-oriented learning into the curriculum. Her support ensured the program's alignment with academic objectives. Dr. BW Nongbri, Dean whose mentorship and encouragement have continually motivated both faculty and students to strive for excellence. Our heartfelt thanks to the IQAC Coordinator, Dr. Sumit Deb for his guidance in ensuring that the program met the quality standards set by the Internal Quality Assurance Cell. Their efforts were pivotal in maintaining the program's relevance and impact.

Introduction:

The Department of Commerce, in collaboration with Nishant Infosys, organized an Internship Program for Aspiring Web Developers to equip students with practical skills in web development and bridge the gap between academic knowledge and industry requirements.

Objective of the Program:

The primary objectives of the internship program were:

To provide students with hands-on training in web development tools and technologies.

To introduce them to industry practices and workflows.

To enhance creativity, problem-solving abilities, and collaborative skills.

To prepare students for future employment in the IT and web development sectors.

Course content:

They engaged in various aspects of the program, gaining valuable insights and practical experience in Web development as per the topics given below:

INTRODUCTION TO HTML

HTML vs HTML5

HTML ELEMENTS

WHAT IS THE META ELEMENT?

INTRODUCTION TO CSS

INTRODUCTION TO BOOTSTRAP

INTRODUCTION TO JAVASCRIPT

WHAT IS SEO?

LIVE HOSTING

Duration

The Program was held from the 10th to 27th of January 2024 . The time was from 10 am. to 11:30 am. held from Monday to Friday

Enrollment:

There were a total of 13 students who enrolled for the course across different streams, and out of the 13 who were enrolled 5 students completed the course successfully.

List of students enrolled:

A total of 13 students from St. Edmund's College, Shillong, had initially registered for the program as per the list shown below:

1. BCA Dakani Nongpluh
2. BCA: Animegh Boro
3. BCA: Sagar Thakur
4. BCA: Jethro Jarvis Roy Jyrwa
5. Science: Daniel Marwein
6. Science: Sengwan Sangma
7. Commerce: NamelasiewdorMasharing
8. Commerce: Afridi Laskar Lyngdoh
9. Commerce: WailadmiSungoh

13. Arts: Rachel Allen Nikhla

List of successful candidates

1. BCA Dakani Nongpluh
2. BCA: Sagar Thakur
3. BCA: Jethro Jarvis Roy Jyrwa
4. Science: Daniel Marwein
5. Arts: Rachel Allen Nikhla

Program Outcome:

The program achieved significant milestones:

Skill Acquisition: Students developed a strong foundation in web development and related technologies.

Industry Readiness: Practical exposure prepared students to meet the demands of IT roles.
Portfolio Development: Students created projects that will enhance their employability.
Confidence Building: Interactive sessions boosted students' confidence in handling technical challenges.
Networking Opportunities: Collaboration with Nishant Infosys facilitated industry exposure and connections.

Feedback and Recommendations:

Participants expressed high levels of satisfaction with the program's structure and content. Many suggested extending the duration to allow for more advanced topics and deeper exploration.

Future Directions:

The success of this program has motivated us to organize advanced training modules and internships in web development and related fields. We are also exploring the possibility of hosting coding hackathons and workshops to further enhance technical proficiency among students.

Conclusion:

This internship program represents a significant step forward in our efforts to provide holistic education and practical training. We thank our faculty, the administration, and Nishant Infosys for their collective efforts in making this initiative a success. Together, we aim to continue empowering our students to excel in their academic and professional pursuits.
