

Seminar on 'Management Education – A Future Perspective'

Introduction

Career counselling enables students to manage their career in the field of management studies and move from a general understanding of life and work to a specific understanding of the realistic learning and work options that are open to them. The seminar was organised with objective to update the student's community about the current situation and developments in the field of management education as well the future perspectives.

Outcome

The seminar on 'Management Education – A Future Perspective' is poised to yield a series of impactful outcomes that hold significant implications for the realm of education and business leadership. The seminar would enable the students to encompass an enriched understanding of emerging trends, technologies and methodologies in the field of management education. As participants engage in insightful deliberations and thought-provoking discussions; they can anticipate a heightened understanding of the forthcoming trends, paradigms and methodologies that are poised to shape the landscape of management education. Through comprehensive exploration of the evolving facets of business and leadership, attendees are poised to broaden their perspectives and gain a holistic insight into the challenges and opportunities that the future holds.
