# Teachers use ICT enabled tools for effective teaching-learning process.

The following outlines the specific ICT tools and methods employed:

#### 1. Use of Projectors for Teaching

The department extensively utilizes projectors in classrooms to present lecture materials, videos, and other visual aids, ensuring better engagement and understanding of complex concepts.

#### 2. <u>Interactive Live Quizzes</u>

Ms. Genifa Kharbani conducted several live quizzes for MDC and Major students immediately after her lectures. These quizzes were designed to test students' knowledge, reinforce key concepts and provide real-time feedback. The attached Pdf file documents student participation and quiz outcomes, demonstrating the effectiveness of this activity in supporting the teaching-learning process.

### 3. <u>Use of YouTube as a Supplementary Learning Resource</u>

Faculty also shared YouTube links with students via their WhatsApp group. These videos were selected to supplement classroom learning and provide deeper insights into the topics discussed during lectures.
