

Teachers use ICT enabled tools for effective teaching-learning process.

S Chakraborty	The very intention is to provide the students the knowhow and enhance the students about the syllabus related topics through the you tube channel lecture.
B P Thangkhiew	B.P. Thangkhiew creates an engaging and dynamic classroom environment (both online and offline) that enhances learning and collaboration, as evident from the youtube videos and other videos through the effective use of ICT tools like PowerPoint presentations, on-screen writing, and virtual collaborative boards.

Please give details with documentary evidence
