OUTCOME OF THE PROGRAMME:

On May 09, 2022, the BSW students of the second visited Right Hope School, which is situated in the Mawbyrshem, Nongstoin, East Khasi Hills districts. The students were accompanied by Mrs. Aibakor Kharbuli and Mrs. Audrey D. Dohling, the the faculty members of the BSW Department.

Right Hope School is the result of a vision for the recognition of the impoverished in India through a totally different, all-encompassing educational method. The institution was started in 2008 and is located in Mawbyrshem, Nongstoin. Australian couple Mark and Celia Fisher founded the school, which is still run under their direction today. With some locals engaged as laborers, Mark Fisher built the school in large part by himself. Since it opened, the school has been experimenting with cutting-edge techniques to infuse insight and enthusiasm into the conventional rote-based curriculum. Since it was their first opportunity to visit an organisation following the lock down, the students were really eager to go on the tour. Therefore, the students were excited to attend the location and engage with the staff and other students.

OUTCOME OF THE PROGRAMME:

The BSW 2nd semester students of St. Edmund's College visited the Nongpoh District Jail as part of their study tour on May 11, 2022, accompanied by their teachers Mrs Edaneolla Kynta and Mrs Aibakor Kharbuli. The students interacted with the resource person, who is also the Assistant Superintendent of that jail, and had a healthy conversation about the concept of jail. The resource person also explained the jail's operation and briefed the students on the inmates. Following the discussion, the students were divided into two groups, one male and one female. The male group was taken to the male ward to interact with the male inmates, whereas the female group was taken to the female ward. The visit to Nongpoh District Jail was extremely important because it helped the students understand "Life inside a prison." Furthermore, it not only changed the students' attitudes toward prisons, but it also educated them on the daily routines of the inmates who live there.
