

Event: World Water Day, 2021**Date: 22nd March 2021**

The N.O.W Eco-club and the Department of Environmental Science observed World Water Day, 2021 on the 22nd March with a theme "Valuing Water". According to the United Nations, "The value of water is about much more than its price." This day is celebrated keeping in line with **Sustainable Development Goal** number 6 which is aimed at achieving water and sanitation by all for 2030. This celebration was marked by poster display by the students of the Department of Environmental Science.

Poster display on World Water Day, 2021
