

## World Environment Day Celebrated at a Rural School

To commemorate 'World Environment Day' at Mawkatad Presbyterian Secondary School, Mawpynthih Village, Myllem Block, the Foundation for Ecological Security (FES), the Department of Social Work-PG, St. Edmund's College and Pomlum PHC organized an awareness programme on environmental issues on 7th June 2022.

Before the main program, a doctor from Pomlum PHC, Dr. Blah, spoke about the importance of the Covid vaccination to the crowd.

Afterwards, Ms. Evanylla Marbaniang, a training specialist for the Center of Excellence for NRM and Sustainable livelihood in Meghalaya, spoke about environmental issues and the

conservation of systems like (water, forest, land) and also cleanliness. A vision statement exercise was also conducted in which Ms. Sutanuka Deb, Project Manager, FES explained and Mr. Pynhun Thongni, a student social worker, assisted. In this activity, the people were asked to think about possible changes in the future and what should be done to properly plan and conserve the environment which is very important for the next generation.
